* No credit is awarded for this course. This course is designed to “fill-the-holes” for students who did not pass the Geometry placement test, yet wish to start their freshman year in Geometry; this course also assumes that students have taken Algebra I in 8th grade. At the conclusion of this Boot Camp, students will have the opportunity to take the placement test again with the hopes of earning an 85% or better and then starting in Geometry. However, completion of this boot camp does not guarantee passage on the placement test or enrollment in Geometry.

** Savio Summer Symphony and Choir – provides the opportunity for Savio students to gather and prepare an entire music concert in one week. The concert will feature many different styles of music, making for a rich musical venture for our performing musicians and for our friends, family, neighbors and visitors who come to watch and listen. The concert is presented in the Savio Gym, transformed into a concert hall! The program is different this year, so sign up quickly to ensure your spot.
